The goal is to have most things completed, and archived reports restored by the end of next month.

4. Announcements:

a. MAKE POLICE REPORTS/New Tracking System

Board Members met with members of the Police department to discuss recent incidents in the neighborhood and parks.

They said that though people voiced their concerns, there are no police reports matching the incidents they discussed. They reminded everyone, if something happens, the first thing is to call the POLICE and file a report. Calling a neighbor does not give the county records, which are needed in order for more officers to be assigned to our area. They have also started a new system where after filing a report, you will immediately receive a confirmation, followed by updates by text.
